Let's bring the extraordinary
to the table

2022
2023

since 1870

Did you know that...

The presence of
candlelight
improves the
ambiance in
hospitality venues

Ambiance
is important to a
consumer's decision to
stay out longer
or return to an
establishment

Diners expect
to see a
candle on a
dining table

Not every flame is the same.

Some stand out by investing in excellence. In superior materials, in people, in our planet, our partners, and utilizing eco-friendly technology. You might see this as a high standard, but we see this as normal. Available for everyone, but especially for those longing for a perfect ambiance from inspiring collections.

We provide the best burning performance possible. Conveniently packed to make life easier because you work floor is already busy enough. With over 150 years our craftsmanship has lit up places where people come together.

Wherever it is, whatever it is.
Let's bring the extraordinary to the table.

irresistible experience

With excellent quality, using premium materials and aim for maximum performance standards, you can easily create the best atmosphere possible. On top of that, we ensure a fragrance free and clean burning of our collections.

social responsibility

We do everything to produce our collections in the fairest way possible with love for people and planet. Therefore, our candles are sourced and made in Europe.

mission green

We are conscious about our ecological footprint, we would like to keep it as small as possible and the vibes happy. To improve that we have eliminated palm oil completely, we use recycled plastics and recyclable materials.
